

VASANTHA RAJAN MANGUDI

Karaikudi, Tamil Nadu, India - 630108

PROFESSIONAL SUMMARY:

Motivated Computer Science student with practical experience in full-stack web development. Adept at designing, debugging, and deploying robust and secure web applications from the ground up. Passionate about solving logical problems, system customization, and building efficient software solutions.

EDUCATION:

- **B.Sc. in Computer Science** — Chikkanna Govt. Arts College | *Pursuing* (61.7%)
- **12th Grade (TN Govt. Public Exam)** — Ayyakannu Govt. Hr. Sec. School | 59.7%
- **10th Grade (TN Govt. Public Exam)** — Sasthaa Matric Hr. Sec. School | 95.4%

SKILL:

- **Web & Systems:** Python, HTML, CSS, JavaScript, Bash/Shell Scripting, Linux Customization.
- **Frameworks & Tools:** Django, Flask, SQLite, GitHub, PythonAnywhere, AI Integration.

EXPERIENCE & PROJECTS:

- **School Management System (SMS):** Developed a full-stack final year project using Python (Django), HTML, CSS, JS, and SQLite to handle complex backend logic and frontend UI.
- **Independent Development & Deployment:** Built, rigorously debugged, and successfully hosted robust web applications (including a flight booking system) on live server environments like PythonAnywhere.
- **Hardware & Systems Customization:** Engineered custom Linux bootloader automation scripts and developed an Arduino-based time and alarm system utilizing DS3231 RTC sensors.
